Olga Kuzkina
Full-Stack Developer

Summary

I'm a Full-Stack developer. I got my first experience a year ago and since then I have been steadily reaching the heights in the field of computer technology. I already have experience in HTML, CSS, JavaScript, React.js and I'm starting to learning Node.js, and of course I continue to delve into the knowledge of all these areas. Since the development of technology does not stand still, my development is also accelerating.

Talented and dependable worker, with extensive communication experience, easily included in a team. Extremely motivated for career change goal. Dedicated Computer Information technology.
